

Guide to Inputting Stats on eHarvest

Every month agencies are required to turn in the number of people served, meals given out, and other pertinent information regarding their food distribution. This information is vital because it paints the picture of how many people in need are being served by our agencies, and helps us to become more efficient in addressing the needs of our partners.

These stats can be mailed in, faxed in, or emailed in but the easiest way to submit them is online at eHarvest, our food ordering site. The process takes less than 30 seconds, and you do not have to worry about postage, fax costs, or paper wasted.

This how-to guide will walk you through submitting your stats, and show each screen you will come into contact with. If you have trouble or have any questions, you can call MOFB at 614-317-9426 and someone can walk you through the process.

Just a few reminders about stats before we begin...

- Stats must be input by the 10th day of each month. The earlier you get them in, the better!
- Even if you do not serve anyone that month or don't order from us, you still need to input the stats. There is a check box to click that says "Did not serve anyone this month."
- If you do not turn in your stats on time, your agency will be put on hold until you get them up to date and you will not be able to order food.
- If you have multiple agency numbers, you must input stats for each one separately.

When you click on the link, you will see the following screen –

The screenshot shows the 'Non-Emergency Feeding Stats' form. At the top left is the 'OHARVCS' logo and 'Admin Log Out' buttons. At the top right is the 'Current Date/Time: November 19, 2013 3:00:02 PM'. The main heading is '<< Non-Emergency Feeding Stats ::'. Below this is a note: 'This information must be received at the Foodbank on or before the sixth working day of the new month. Otherwise we must place your agency on "hold" and you will not be able to order product until we received your statistics.' The form fields include: 'Report Date: October 2013' (dropdowns), 'Agency Code:', 'Agency Name:', and 'Contact Info:'. The 'Number of Meals Provided' section has a header '(Ex: 6 people at the table = 6 lunches, 6 lunches X 30 days = 180 lunches)' and three input boxes for '1. Breakfast:', '2. Lunch:', and '3. Dinner:', with a 'Total:' label. The 'Substantial Snacks' section has one input box for '1. Number of substantial snacks provided this month:'. The 'Number of Individuals' section has one input box for '1. Number of individuals who were provided with one or more meals/snacks during the month:'. The 'Nothing to Report' section has a checkbox for 'We did not serve any clients this month.' and a 'Submit' button at the bottom.

Input the statistics in the correct box. If that number is zero, just input zero.

This is the same form as above but with annotations. A blue arrow points to the 'Total:' label in the 'Number of Meals Provided' section. A blue circle highlights the input boxes for 'Total:'. A red arrow points to the 'Nothing to Report' checkbox with the text 'If you did not serve anyone, click this box'. A red circle highlights the 'Submit' button. A blue arrow points to the 'Submit' button.

Once you've successfully filled out the stats, click the "SUBMIT" button
